

## ABOUT ANSWER PEOPLE

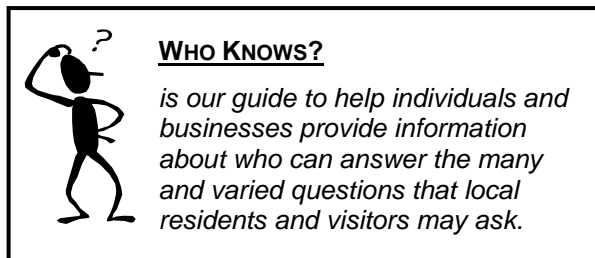

## TABLE OF CONTENTS

**ANSWER PEOPLE** is the name given to a group of individuals representing many businesses and public agencies throughout **Klamath, Lake and Modoc Counties**. The group was formed in 1992 as an offshoot of the Klamath Country Outdoor Recreation Strategy Working Group who felt that it might be a good idea if the people providing the information to our customers would share information with each other.

**ANSWER PEOPLE** have been meeting for more than 23 years now and the names and faces have changed over time. But what hasn't changed is the purpose of the group: **to encourage and motivate** people in all our communities towards providing **excellent customer service** in their day-to-day occupations.

We do this by providing information to one another through networking. Everyone is invited locally and from neighboring counties who believes they can benefit from this **information-sharing network**.

We meet monthly at various locations on the third Wednesday of every month (except December) from 10 am to 12 noon. Minutes are provided to members via email and hard copy to those without.

**ANSWER PEOPLE** work to recognize excellent customer service in our communities. When a member experiences or hears of someone's excellent customer service experience, we send that employee and their supervisor an acknowledgement and description of the good thing the employee did and we give them a

### **Pat on the Back!**

Recipients of these awards are recognized in the Herald and News and invited to our annual recognition luncheon.

**For more information** regarding **ANSWER PEOPLE** contact Cami Nielsen or Joan Cole listed on the back of this brochure.
